G1054 - SEMI METAL

E₉
90R

This compound embodies the past, present and future of semi-metallic production at GALFER. It has been manufactured for years with minor improvements, and it's still used today in several OE plants. The G1054 has an excellent coefficient of friction and low wear, offering progressive and effective braking. All these features make the compound suitable for all kinds of motorcycle.

Este compuesto representa el pasado, el presente y el futuro de la producción semimetálica en GALFER. Ha sido producida durante años con pequeñas mejoras y hoy en día aún la utilizan muchas plantas de OE.

Su excelente coeficiente de fricción, su bajo desgaste y su frenada progresiva y efectiva hacen que el G1054 sea un compuesto adecuado para los recambios de cualquier tipo de motocicleta.

Questa mescola rappresenta il passato, il presente ed il futuro della produzione semimetallica in GALFER. Da anni si produce questa mescola, sempre con piccoli miglioramenti, ed ancora oggi viene usata in vari impianti originali OE. Ottimo coefficiente di attrito, consumi contenuti, frenata progressiva ed efficace, tutte queste caratteristiche fanno della G1054 una mescola adatta al ricambio di ogni tipo di motociclo.

G1370/71 - SINTER STREET

E₉
90R

Designed for road bike customers, G1370 is GALFER's OE product replacement. G1370 guarantees safe braking and is able to stand high temperatures without fade. Performance is not effected by adverse weather conditions. Combines safe and progressive braking with a competitive price.

Creada para satisfacer a los clientes de motocicletas de carretera, un recambio a la altura del producto original. Garantiza una frenada segura, no tiene problemas con las altas temperaturas (FADE) y en condiciones climáticas adversas no altera su rendimiento. Combina una frenada segura y progresiva con un precio competitivo.

G1370 creata per soddisfare la clientela che usa moto stradale, un ricambio che non teme paragoni con il prodotto originale. Garantisce una frenata sempre pronta e sicura, non teme le alte temperature d'uso (FADE) e non altera le sue prestazioni in condizioni atmosferiche avverse. Abbina una frenata sicura e progressiva ad un prezzo competitivo.

G1375 - SINTER SPORT

E₉
90R

An upgrade of G1370 designed to satisfy the most demanding customers who, besides the usual urban use, have a taste for sport riding. This compound has a high coefficient of friction and ensures excellent performance even at high temperatures. G1375 offers adjustable and safe braking under all conditions.

Una mejora de la G1370, diseñada para satisfacer a los clientes más exigentes que, además del uso urbano habitual, desean una conducción más deportiva. Este compuesto, con un alto coeficiente de fricción, garantiza un rendimiento excelente incluso con altas temperaturas de uso. La G1375 ofrece una frenada modulable y segura en todo tipo de condiciones.

Un upgrade della nostra G1370 studiata per soddisfare la clientela più esigente che oltre all'uso normale cittadino vuole usare il proprio mezzo in maniera più sportiva. Questa mescola dall'elevato coefficiente di attrito, garantisce prestazioni eccellenti fino alle più alte temperature d'uso. Frenata modulabile e sicura in ogni condizione sono la caratteristica principale della G1375.
